

● DENTAL DISCOVERY ZONE

The Dental Discovery Zone is an interactive space where dental professionals can explore the latest innovations in dentistry. The exhibitors in this space have been curated because of their ability to provide hands-on experiences with cutting-edge technologies, tools, and techniques.

CaliforniaDentalArts

BOOTH #405

Integrating digital dentistry into your practice has never been easier. California Dental Arts is a laboratory first, and has been at the forefront of digital dentistry since its inception. Their digital impression scanner rental program gives you the training, support, and restorative solutions necessary to be a top dental care provider.

Carestream
DENTAL

BOOTH #404

Carestream Dental is committed to transforming dentistry, simplifying technology and changing lives. In this pursuit, we focus on providing cloud solutions and technology for practice and clinical management for dental practices, groups, DSOs and partners.

DENTSCRIBE

BOOTH #402

At DentScribe, we are passionate about revolutionizing healthcare technology through the power of AI and automation. Our dynamic and forward-thinking approach positions us as a leader in the industry, driving innovation and shaping the future of healthcare

Dentsply
Sirona

BOOTH #401

Dentsply Sirona is the world's largest manufacturer of professional dental products and technologies. Together with our partners, we empower dental professionals all over the world to provide millions of patients with best-in-class dental care to deliver healthy smiles. We are on a mission to transform dentistry to improve oral health globally, and we're proud to be a preferred partner for dental practices, clinics, dental laboratories, and authorized distributors worldwide.

DEXIS™

BOOTH #403

DEXIS™ innovation is nothing new. After all, our recognized, trusted products are built on over 70 years of dental imaging expertise, combining leading brands including i-CAT™, Gendex™, Instrumentarium, SOREDEX™, and NOMAD™ Pro 2. Today, over 150,000 imaging devices are currently being utilized in dental practices around the world. From our groundbreaking i-CAT and OP3D built on pioneering Cone Beam CT advancements, to the handheld NOMAD system, to our ruggedly intelligent DEXIS™ Titanium sensors — DEXIS™ solutions transform practices & patient smiles.

BOOTH #409

Founded in 2009, Neocis® manufactures and markets Yomi®, the first and only FDA-cleared robotic system for dental surgery. Our revolutionary platform assists clinicians throughout all phases of implant placement, augmenting their surgical expertise, so they can operate with confidence and efficiency.

BOOTH #408

Nobel Biocare is a leading innovator of implant-based dental restorations. We work every day to perfect every aspect of esthetic dentistry for our customers, and their patients, around the world. Nobel Biocare is about you, for your patient. That's our promise. And it's a promise based on over 65 years of research and development in implantology, ever since Per-Ingvar Brånemark's groundbreaking discovery of osseointegration, and first ever dental implant treatment. But we never settle for the status quo. We follow no one. We are bold innovators to the very core, doing whatever it takes to improve the possibilities for professionals to treat more patients better.

BOOTH #407

A dental company that aims to contribute to the field of dentistry through innovative business activities. Their goals include developing new products that contribute to the health and beauty of people around the world. "Shofu's never-ending quest is to ensure the beauty and functionality of natural teeth; teeth that are aesthetically pleasing, have little physical impact and support health over the long term. To this end, we will continue making a vigorous quest to develop new products that contribute to the health and beauty of people throughout the world."

BOOTH #400

Solventum, formerly 3M Health Care, finds breakthrough solutions to your challenges. Relentlessly pushing the boundaries of health, material and data science further. Solventum is a healthcare company built from a legacy of innovation and dedicated to enabling better, smarter, safer healthcare to improve lives.

BOOTH #406

SprintRay is a 3D Printer manufacturer focused on digital dentistry. Our products empower dentists to respond quickly to their patients and expand treatment offerings.

3Shape is the world's most recognized intraoral scanner brand, known for great ease-of-use, award-winning design, and peace of mind. And for breaking barriers by seamlessly connecting dentists with leading solutions and labs through the dental world's most collaborative platform: 3Shape Unite.
